

Ho! Ho! Ho!

I am so happy Christmas is almost here! I can't wait to fly through the sky, delivering presents to all the good girls and boys! The elves and I have been very busy loading the sleigh all month. Yes it takes a whole month to load, but only one night to unload. That's all part of the magic of Christmas!

You will like what I bring you this year! Mrs. Claus has helped me choose just the right gifts for you. You have been such a good kid all year long, and we are especially proud of you! Yes, we watch you all year long.

Since you have been such a good kid all year, I have a special job for you. How would you like to feed my Magic Reindeer on Christmas Eve?? Yes, that's right! Feed Rudy and the Gang! The reindeer need to eat a snack so that they have the energy to continue flying through the night. When we were planning our trip, we noticed that where you live is the city they needed to eat. And your street is the exact street they planned eating at! All the reindeer voted to eat at your house, since you have been so good this year!

I've included the recipe for some Magic Reindeer Food in this letter. Remember to put the Magic Reindeer Food out on Christmas Eve, okay?

I need to go now; Mrs. Claus has made my favorite dinner, Snow Man Soup!  
(Don't worry; we don't use real snowmen to make it!)
